Crack the Code - Kids
Crack The Code is a challenging puzzle game to train your brain trying to solve a code of numbers. You will see four blank spaces on a screen, and your goal is to write the right numbers in the right order. Of course, you will have a limited time, what makes it incredibly nerve wracking. Have you ever played Mastermind? Whenever you get a correct number, a yellow line will light up below it.

Crack The Code - Play Crack The Code Online on SilverGames
The table is a grid showing the numbers from 1 to 100, although some of the numbers have been replaced by letters. The children should look at the first number in the code, find where it should be in the grid, and write down the letter that is in its space. Repeating this process should enable the children to work out the code.
