Stanhope and Lancaster (2008) states: "The community is the client only when the nursing focus is on the collective or common good of the population instead of on individual health" (pg. 44) and "Although the nurse may work with individuals, families or other interacting groups, aggregates, or institutions, or within a population, the resulting changes are intended to affect the whole community" (Stanhope and Lancaster, 2008, pg. 344).
