File Type PDF The iConnected Parent

That's what parents have been told to do when their kids go to college. But in our speed-dial culture, with BlackBerries and even Skype, parents and kids are now more than ever in constant contact. Today's iConnected parents say they are closer to their kids than their parents were to them and this generation of families prefers it that way.

Hofer, Ph.D., is a professor of psychology at Middlebury College who conducts research and teaches about adolescence and the transition to adulthood.

The Iconnected Parent | calendar.pridesource

The iConnected Parent is easy to read because of its comfortable style, straightforward approach, and many interesting case studies. Many parents will find this book difficult to read, however, because they will see themselves described in various scenarios. We recommend that those parents who find this hardest to read continue

Book Review: The iConnected Parent - College Parent Central

An essential assessment of the state of parent-child relationships in an age of instant communication, The iConnected Parent goes beyond sounding the alarm about the ways many young adults are failing to develop independence to describe the healthy, mutually fulfilling relationships that can emerge when families grow closer in our wired world.
